

WRIGHT RICKMAN

Front-End Development • UX Engineering & Design • Data Visualization

Experience

Software Engineer

Clearing • Sep. 2021 – Mar. 2023

Played a key role in developing the website, mobile app, and CMS for a Telehealth company focusing on opioid-free pain care. Prioritized accessibility and usability for users with chronic pain and mobility issues. Developed data visualizations to enable clinicians to monitor patient progress.

Front-End Developer (Freelance)

Agency: Millennium Communications • **Client:** JPMorgan Chase
Sep. 2020 – Mar. 2021

Developed an interactive webcomic that used engaging animations to teach financial literacy to teens while complying with WCAG accessibility guidelines.

Front-End Lead

Gartner L2 Inc. • Jun. 2015 – Sep. 2020

Crafted engaging interactive data visualizations that empowered clients to gain insights, analyze complex datasets, and benchmark their performance against industry rivals. Spearheaded the development and maintenance of the company's website while leading a team of skilled developers.

Adjunct Professor: Web Development

CUNY Queens College • Jan. 2018 – May 2018

Taught an intermediate-level Web Development college course, focusing on HTML, CSS, JavaScript, and jQuery.

Front-End Developer/UX Designer

BeenVerified Inc. • Jan. 2015 – Jun. 2015

Front-End Developer (Freelance)

Agency: Resource/Ammirati • **Client:** Vibram Shoes
Sep. 2014 – Oct. 2014

Front-End Developer (Freelance)

Agency: Narrative Marketing • **Client:** Def Jam Records
Aug. 2014 – Sep. 2014
