Web Design • UX Design • Animation • Adobe Creative Suite • Microsoft Office

Development

Front-End Developer (Freelance) • *Millennium Communications* • *Sep. 2020 - Mar. 2021*
Client: JPMorgan Chase. Built an animated, web-based comic book to teach teens about saving money. Built a site utilizing scroll-based animations for a new financial product from J.P. Morgan.

Front-End Developer/Manager • *Gartner L2 Inc.* • *Jun. 2015 - Sep. 2020*
Developed interactive data visualizations that allowed clients to explore the company's research, explain complex datasets, and benchmark themselves against competitors. Built and maintained the company website. Managed a team doing the same.

Adjunct Professor: Web Design • *CUNY Queens College* • *Jan. 2018 - May 2018*
Taught an intermediate-level Web Development college course, focusing on JavaScript and jQuery.

Front-End Developer/UX Designer • *BeenVerified Inc.* • *Jan. 2015 - Jun. 2015*
Designed and built user signup and onboarding flows. Guided pages through rapid A/B testing.

Front-End Developer (Freelance) • *Gartner L2 Inc.* • *Nov. 2014 - Jan. 2015*
Built interactive, animated narrative data visualization.

Front-End Developer (Freelance) • *Resource/Ammirati* • *Sep. 2014 - Oct. 2014*
Client: Vibram Shoes. Prototyped a proof-of-concept site for the client in HTML.

Front-End Developer (Freelance) • *Narrative_* • *Aug. 2014 - Sep. 2014*
Client: Def Jam Records. Optimized responsive framework. Built modular features for a music site.

Content Analyst/Team Leader • *Huge Inc.* • *Mar. 2012 - Jul. 2013*
Managed a team of content analysts for an event search site. Ran web scrapers to populate data.

Education

General Assembly • *2013 - 2014*
WDI Full-Stack Development Bootcamp

Ithaca College • *2005 - 2009*
BFA • Film & Animation
